LAMINATE

QUICK-STEP®
FLOOR DESIGNERS

Laminate: an innovative all-rounder

When Quick-Step launched in 1990, the brand immediately put laminate flooring on the map. While we have since expanded in wood and vinyl flooring, we have continued to improve our laminate category with even more life-like designs, structures and performance. In 2020, this process has led us to our brand new Perspective Nature collection.

Enter the world of Quick•Step®

The history of Quick-Step is laden with tales of daring entrepreneurship and innovation. Thanks to that rich history, we're not only able to present you with some of the most beautiful flooring on the market, but the strongest as well. We pride ourselves on our dedication to beauty and elegance that is built to last.

**“INNOVATION AND MODERNISATION
ARE PART OF THE QUICK-STEP DNA. WE’RE ALWAYS
LOOKING TO MAKE THINGS BETTER,
MORE BEAUTIFUL AND MORE EFFICIENT.”**

BERNARD THIERS, CEO

We are confident that you'll find a Quick-Step floor to match your own unique vision, a floor that inspires you to get started on that renovation project, a floor that will help turn your house into the home you've always wanted – one plank at a time. And even more, you'll find a floor that will last a lifetime.

**IF FINDING THE MOST ENDURING AND ELEGANT
FLOOR IS YOUR GOAL, WE’RE HERE TO GUIDE YOU.**

Quick-Step's Perspective Nature collection: redefining the essence of beauty

"It's always been our goal to create the most beautiful laminate floors. Perspective Nature, our latest collection, is marked by unprecedented levels of refinement."

KATRIEN DE VLIAGER, DESIGN MANAGER & LAURENT MEERSSEMAN, R&D DIRECTOR AT QUICK-STEP

THE NEXT GENERATION OF LAMINATE FLOORING

Laurent: "Laminate flooring is part of Quick-Step's DNA. Since the very beginning, our goal has been to create laminate that offers all the advantages of synthetic flooring, but that is indistinguishable from real wood or stone in look and feel. With our new Perspective Nature collection, we took Laminate to the next level: we went further than ever before to get all the details right."

Katrien: "In terms of design, our new Perspective Nature collection is inspired by nature and pure influences, with white and light colours dominating the palette. We were also inspired by the re-emergence of warm naturals and exotic colours from Africa and Latin America. The common thread present in all these floors is an eye for detail and a sense of craftsmanship."

PERFECT IMPERFECTIONS... INSPIRED BY NATURE

Laurent: "Quick-Step is one of the few flooring brands worldwide with an in-house design team. Taking inspiration from architecture, art, fashion and real life, our expert designers embark on quests to obtain 'perfect originals': pieces of wood or stone that have the right look and feel to serve as a prototype for a flooring board. In some cases, these originals are treated in-house with patina or wax to obtain a specific look."

"Next, we comprehensively scan the original piece of wood, including the design and colour, as well as the complete structure with its cracks, knots and natural characteristics. The result is a huge, virtual 3D model of each piece, which is then refined by the designers. By getting rid of details that are too conspicuous, they craft a perfectly balanced design."

"EACH DESIGN IS THE RESULT OF CAREFUL CRAFTSMANSHIP FOCUSED ON FINDING THE RIGHT BALANCE."

LAURENT MEERSSEMAN

Katrien De Vlieger, Design Manager & Laurent Meersseman, R&D Director at Quick-Step

“WE WENT FURTHER
THAN EVER BEFORE TO GET
ALL THE DETAILS RIGHT”

LAURENT MEERSSEMAN

BRUSHED OAK: A SHOWPIECE OF STRUCTURE

Katrien: “Brushed oak fits in perfectly with different interior styles. This floor is based on a brushed European oak sprinkled with a few subtle cracks and knots. The subtle brushed effect really brings out the natural imperfections and gives each plank a soft, rustic character.”

Laurent: “The brushed effect really highlights the oak’s structure and makes the floor not only look but also feel like real wood. To accomplish this, we developed a new technology to create 64 different depths, on the surface as well as in the bevel – a feature that’s unseen in laminate flooring. In addition, the way the light hits these variations in depths creates a subtle difference in gloss levels. The attention to detail is quite astounding and demanded our engineering team to go above and beyond what’s possible.”

ADD DEPTH TO YOUR INTERIOR

The astoundingly detailed structure consists of 64 different depths, on the surface as well as in the bevel. It makes the floor look and feel exactly like real wood.

SOFT PATINA OAK: AN ADDED LAYER OF ZEN

Katrien: “Due to its versatility, oak remains as popular as ever. By treating the original planks with a robust patina, imperfections have been softened to create a zen look.”

Laurent: “Giving Soft patina oak its authentic, zen look wasn’t easy. In fact, we had to completely redevelop our oil patina print technology to ensure that the white oil perfectly highlights the details of the décor and complements the structure of the plank. We had to test several different approaches before we ended up with the right one.”

“The subtle and intended imperfections are where this floor really shines. If you look closely, you’ll notice touches of matt finish, which give the floor a homely look and feel. In addition, the bevel looks distressed and splintered – just like a real wooden floor does.”

Discover the complete Perspective Nature collection on p. 16-17

PEN4748

PERFECT PATINA EFFECT

The oil patina print technology ensures that the white oil perfectly complements the structure of the plank.

Resisting everything, even water

Meet the latest generation of laminate floors. Floors that don't just look exceptionally stylish and natural, but that can also take the hustle and bustle of daily life. And above all, they also have a 100% waterproof surface.

The top layer of every Quick-Step laminate floor is finished with an ultra-protective Scratch Guard layer which gives the floor a high scratch resistance, ideal for all uses, especially in the kitchen.

DISCOVER OUR COMPLETE COLLECTION OF WATERPROOF SURFACE FLOORS ON P. 12-13

SPILLED A DRINK? DID THE KIDS PLAY WITH WATER?

Don't panic: the liquid won't be absorbed by the floor and you can mop it up immediately. All of our Laminate collections Perspective Nature, Majestic, Impressive (Ultra), Eligna, and Classic are equipped with a water-repellent HydroSeal coating. Cleaning is easier than ever thanks to these floors' water-resistant properties. A completely sealed surface means that bacteria, dirt and even liquids don't stand a chance. They can simply be wiped off with a damp cloth, leaving a clean, hygienic surface. Thanks to these features, Laminate is the ideal floor for your kitchen and hallway. It also makes it the perfect choice for your bathroom. On top of that, Quick-Step offers a warranty of up to 25-years on your new Laminate floor, guaranteeing many years of worry-free pleasure in your home.

Learn more about the water-resistant properties of our floors on www.quick-step.com.au

Find everything you need for a waterproof finish of your floor on p. 29

Competitor's Laminate

Quick-Step Laminate

Thanks to its unique water-resistant properties, Quick-Step Laminate doesn't absorb any moisture. As a result, the bevel remains as smooth as ever, even after continuous cleaning.

EVERYTHING YOU NEED
FOR A PERFECT FLOORING EXPERIENCE

Easy installation

The perfect underlay

Choosing the right underlay is essential for the final look, quality and comfort of your new laminate floor.

Moreover, Quick-Step's easy-to-install underlays are compatible with underfloor heating systems and provide:

- excellent acoustic and thermal insulation;
- a stable base for the Uniclic® and Uniclic® Multifit systems;
- protection from rising damp.

Find out which one of our underlays is the best choice for your project.

Quick-Step® underlays

COMBI-LAY STANDARD

Thickness: 2 mm Roll: 20 or 50 m²

Combi-Lay Standard is no normal underlay. The dense, closed cell polyolefin foam provides excellent support, with good reduction of both reflected and impact noise.

Reflective walking sound ✓✓

Impact sound ✓✓

Floor heating OK

Damp proof screen OK

QUIET-STEP COMBI-LAY

Thickness: 2 mm Roll: 20 or 50 m²

Quiet-Step Combi-Lay is the first choice where a quiet step sound and maximum reduction in multi-storey noise is required. This high density underlay has no match when it comes to reducing foot fall noise, with a reduction of up to 30% over standard underlays.

Reflective walking sound ✓✓✓✓

Impact sound ✓✓✓✓

Installation tools

INSTALLATION SET

Tapping block: to easily click planks together.

Cramp iron: to click planks together in hard-to-reach places. **Spacers:** to provide an expansion joint between walls and floor.

HANSAW

With the help of the Quick-Step hand saw, floors can be fitted perfectly underneath door frames.

Finish in style

Why choose Quick•Step® scotia and profiles?

PERFECTLY MATCHING COLOURS

Our skirtings and profiles perfectly match the colour of every floor.

SCRATCH-RESISTANT TOP LAYER

Quick-Step skirtings and profiles are scratch-resistant and protected against everyday wear and tear.

QUICK•STEP® WARRANTY

They come with the same warranty as the floors.

Scotia

SCOTIA

240 x 1.7 x 1.7 cm
Installation method: Glue

Quick-Step scotias offer a perfect colour match with your Quick-Step laminate floor. Extremely water resistant and up to 25 years warranty.

FLEXIBLE PAINTABLE SKIRTING

700 x 1.4 x 4 cm
Installation method: Glue

A beautiful finish for round pillars or curved walls. Made out of supple and durable foam. Available in the length of your choice. Use a good contact glue or a permanent construction adhesive.

Tools for a completely waterproof finish

Use our Hydrokit and PE foam for a 100% water-resistant finish in wet areas like bathrooms to take advantage of the Waterproof Surface Warranty.

MJ4254

QSKITRANSP

HYDROKIT

310 ml

Transparent silicone for an invisible and water-resistant skirting and profile finish.
Average use: 15m/tube.

NEFOAMSTRIP20

PE FOAM

20 times 1 m x 10 mm

Fill up expansion joints with this waterproof solution for skirtings and profiles.
To be used in combination with the Hydrokit.

Profiles

Incizo® profile: 1 profile, 5 applications

Quick-Step's Incizo® profile is a multifunctional finishing tool that can be used to finish your floor and stairs in matching colours. Simply cut the Incizo® basic profile to desired shape with the supplied Incizo® knife.

INCIZO® PROFILE

215 x 4.8 x 1.3 cm

Contents: 1 Incizo® profile, 1 Incizo® knife, 1 plastic rail.

APPLICATION 1

Connect two floors of different heights.

APPLICATION 2

Connect two floors of the same height.

APPLICATION 3

Finish your floor along walls or windows.

**APPLICATION 4**

Create a nice transition between your Laminate floor and other flooring types.

**APPLICATION 5**

The Incizo® profile also allows you to finish your stairs in the flooring design of your choice. For this application you need the Incizo® profile and an aluminium sub-profile.

INCIZO® ALUMINIUM SUB-PROFILE FOR STAIRS

215 x 7.1 x 2.0 cm

Worry-free maintenance

EASY MAINTENANCE FOR MAXIMUM VALUE

Setting the stage for sustainability

Everyday, UNILIN – the company behind Quick-Step – pushes the boundaries of what it means to be a flooring brand. Apart from making our floors as beautiful and enduring as possible, we also strive to make them as sustainable as possible, and to minimise our ecological impact in every way we can. Just like you, we are convinced that a world of beauty is a world where we respect and treasure our natural resources.

“Sustainability has become indispensable for doing business.
That’s why we strive to make our floors as sustainable as possible.”

TINO MULLE, CHIEF SUSTAINABILITY OFFICER AT UNILIN

This means we’re not just mindful of how we source our raw materials, but also how we provide energy for production. In many UNILIN factories, end-of-life wood waste is the primary energy source.

NO TREES WERE HARMED IN THIS PRODUCTION PROCESS

Did you know our laminate floors are entirely made from residues of the forestry and wood industry? By using leftover materials to create a new product, we actively lower the amount of carbon dioxide that’s released into the atmosphere. In fact, no tree is felled to create your new dream floor.

All our Laminate floors are also Ecolabel stamped. This means they adhere to the most stringent EU rules for indoor air quality, raw materials quality and sourcing, and workers health & safety.

THE CREDENTIALS OF OUR FLOORING

To provide you with maximum value, Quick-Step Laminate floors adhere to the most stringent quality and sustainability labels.

EU ECOLABEL

A label of environmental excellence awarded to products and services meeting high environmental standards throughout their lifecycle: from raw material extraction to production, distribution, use in your home and disposal at end-of-life.

PEFC

An internationally recognised label that ensures that the wood we use in our flooring comes from sustainable managed forests.

Too many options to choose from?

Not sure which floor is your absolute favourite? The RoomViewer helps you make your choice. Try out your options on www.quick-step.com.au

Choose a Quick-Step® Master Installer

Once you have chosen the perfect Quick-Step floor, your installation is the next important step. Choose a Quick-Step Master Installer who will install your floor to the highest standard and with the necessary attention to detail it deserves. Even more, the Quick-Step Master Installers offer a lifetime installation warranty on any Quick-Step floor installed. Ask your local dealer for more information.
